PROGRAM

"GOAL 2000"

THE DESTRUCTION OF OUR HERITAGE

Speaker

Donald Norman Moran

President General's Task Force on Historical Education

The present administration has enacted a new Federal Standard for Education under its "Goal 2000", tied to Federal Funding for our nation's schools. In the area of the teaching of history, these standards insure the systematic destruction of our precious heritage in favor of one that is politically correct. Compatriot Moran will discuss the problem and what the National Society is doing to combat it.

THE CASSAR BOARD OF MANAGERS MEETING

THE SAN FERNANDO VALLEY CHAPTER DELEGATION

**Back Row: l-r: George Sutherland Van Dorn, Roger E. Robertson, Donald Norman Moran and Robert C. Emrey
Front Row: l-r: Mary Van Dorn, Mary Lou Robertson, Linda Moran and Virginia Emrey**

The 1994 Board of Managers Meeting was held at the Red Lion Inn in Sacramento. Our first comment is to our brother Compatriots of the Sacramento Chapter - they did an extraordinary job. Everything was delight, except the weather. The guest speakers, The Honorable W. Jackson Willoughby, a judge, spoke at the luncheon and that evening, Commander Ted Robertson, USN (Ret.) rescuer of Lt. j.g. John F. Kennedy, told that heroic and incredible story.

The high point of the meeting for the San Fernando Valley Chapter delegation was when our own Virginia Emrey was awarded the Daughter of Liberty medal for her efforts within the Ladies Auxiliary and for the SAR. A photograph of the presentation is on the front cover. A well deserved award.

Our Chapter did not do well in the President's Activity Contest - we were declared Runner up in the mid-sized Chapters, loosing to the South Coast Chapter. Our tricorn hat's are off to the Compatriots of the South Coast Chapter. They did well. As a matter of interest, the Compatriots to the North, the George S. Patton Chapter, the South

Coast Chapter and our Chapter were all only four points apart!

Our Former President, **George Sutherland Van Dorn** was assigned by then State President **Bob Emrey** to chair the Committee established to create a

California Society Medal. In less than a year the job was accomplished, and at the Board of Managers meeting the medal was distributed. The medal is one of the most beautiful of those available in the SAR and is available to all California Compatriots at a cost of \$12.50. Mail your order to our Secretary.

NATIONAL ENDORSEMENTS

The California Society unanimously endorsed the candidacy for National Office of the following Compatriots: **William C. Gist, Jr.** for President General; **Reon G. Hillegass, Jr.** for Secretary General; **Russell D. Page** for Treasurer General; **Thomas J. Bond** for Registrar General; Our own **Col. Richard F. Locke** for Genealogist General; **Robert C. Judice, M.D.** for Surgeon General and **Carl K. Hoffman** for Chancellor General.

The CASSAR Ladies Auxiliary announced they deposited \$1,500 in to their National Congress Fund bring up the total to \$7,500. The National Congress will be held in California in 1999 and this money will be put to good use..

COMPATRIOTS IN THE NEWS

Virginia Emrey was honored by the State Society at the November Board of Manager's Meeting when State Society President Robert von Pagenhardt presented her the SAR's *Daughter of Liberty Medal*. The award, the highest the SAR can bestow on a lady, was presented for her many services to the SAR and the Ladies Auxiliary. It was well deserved.

Compatriot George Sutherland Van Dorn received well deserved accolades for his having successful brought about the long sought after California S.A.R. Medal.

Applicant Corporal David D. Murray, stationed in Misawa, Japan has been deployed to the Persian Golf. His wife and daughter, living with him in Japan have returned to

the States pending his return to Misawa.

PARTY TIME - 1792

JOHN
HANCOCK

John Hancock, famed signer of the Declaration of Independence and former President of the Continental Congress once threw one of the largest cocktail parties in American history.

In 1792, Mr. Hancock threw a party for the Boston Fusiliers, a military organization comprised mostly of Revolutionary War veterans. Hancock's personal records show that 80 Fusiliers showed up and during the party they consumed 138 bowls of spiked punch, 21 bottles of sherry and 28 small barrels of brandy and hard cider. John Hancock picked up the tab.

A THOUGHT TO PONDER - An Editorial

by: Donald Norman Moran, Editor

At the November 5th your editor took the podium during the discussions regarding law enforcement and education. He presented the following speech, repeated herein by request.

"A FENCE OR AN AMBULANCE"

"T'was a dangerous cliff, as they freely confessed
Though to walk near its crest was so pleasant;
But over its terrible edge there had slipped
a duke and full many a peasant
So the people said something would have to be done,
But their projects did not all tally;
Some said, "Put a fence around the edge of the cliff"
Some, "An ambulance down in the valley."

But the cry for the ambulance carried the day;
For it spread through the neighboring city;
A fence may be useful or not, it is true,
But each heart became brimful of pity
For those who slipped over that dangerous cliff;
And the dwellers in highway and alley
Gave pounds or gave pence, not to put up a fence,
But an ambulance down in the valley.

"For the cliff is all right, if you're careful," they said,
"And, if folks even slip and are dropping,
It isn't the slipping that hurts them so much,
As the shock down below when they're stopping."
So day after day, as these mishaps occurred,
Quick forth would these rescuers sally
To pick up the victims who fell off the cliff,
With their ambulance down in the valley,

Then an old sage remarked: "It's a marvel to me
That people give far more attention
To repairing results than to stopping the cause,
When they'd much better aim at prevention.
Let us stop at its source all this mischief," cried he,
"Come, neighbors and friends, let us rally;
If the cliff we will fence we might almost dispense
With the ambulance down in the valley,"

"Oh he's a fanatic," the others rejoined,
"Dispense with the ambulance? Never!
He'd dispense will all charities, too, if he could;
No! No! We'll support them forever.
Aren't we picking up folks just as fast as they fall?
And shall this man dictate to us? Shall he?
Why should people of sense stop to put up a fence,
While the ambulance works in the valley?"

But a sensible few, who are practical too,
Will not bear with such nonsense much longer;

They believed that prevention is better than cure,
And their party will soon be the stronger.
Encourage them then, with your purse, voice, and pen,

And while other philanthropists dally.
They will scorn all pretense and put up a stout fence
On the cliff that hangs over the valley.

Better guide well the young than reclaim them when old,
For the voice of true wisdom is calling,
"To rescue the fallen is good, but 'tis best
To prevent other people from falling,"
Better close up the source of temptation and crime
Than deliver from dungeon or galley;
Better put a strong fence round the top of the cliff
Than an ambulance down in the valley."

Joseph Malins

I submit that this poem sums up the current fuzzy thinking of our law makers toward our current crime ridden Country. An "Ambulance" in the valley is not now the answer, nor will it ever be! For us, the members of the Sons of the American Revolution to expend our limited resources to acquire another ambulance is ludicrous. The answer to this problem was addressed when the SAR was Chartered in 1906. Its our constitution's stated goals and objectives - Historical, Educational and Patriotic - that is the proverbial "fence".

Today's students are being taught revisionist history. They are taught from the earliest elementary school grades about the repression of minorities. They are taught every possible negative that can be found or invented. The many positive in our history are ignored. The minority students learn they are repressed by the majority - - they are taught they are without hope. The majority students learn to be ashamed of their heritage and are made to feel guilty for the alleged sins of their fathers.

The education community has replaced God with monkeys. The Government has replaced the Ten Commandments with an estimated 55,000,000 laws nationwide. The result: Two generations of Americans who have no historical personalities to emulate. No national heroes. No role models worthy of being such. No pride in Country - No patriotism, or understanding of it, and little sense of personal responsibility.

Our founding fathers, who risked everything for the sake of national liberty and freedom, the George Washingtons, the Ben Franklins, the Tom Jeffersons, the Abraham Lincolns, the Teddy Roosevelts, of our history are being ignored or replaced by contemporary celebrities. In recent years, these current "heroes" include Mike Tyson, convicted rapist, O.J. Simpson, accused of double homicide,

Michael Jackson, accused of child molestation, Madonna, who has added a whole new dimension to the term immorality. These are the examples our young people look up to, and you wonder why we have a problem?

With our limited resources we are told we are without any influence. Our total membership constitutes .001 per cent of the population. But, we can have some impact. Like a tiny, sharp needle, when pressed against the right spot it will be felt and not ignored.

I believe that we should direct our available resources into convincing all patriotic societies to join a coalition to force the educational community into returning to teaching history, not social studies, not the politically correct revisionist history, but the true history of our great nation, with all of its achievements and all its unblemished heroes.

If the schools revert back to using the material we were educated with - the material that gave us a sense of Nationalism and Patriotism - that educational material that provided our generation with true and great role models. We will be saving future generations, as for the present generation, I fear it is beyond redemption.

Do not let the SAR fall into the liberal trap of "cure all" schemes (the infamous ambulance), but to strive toward the positive impact of a fence around the edge of the cliff "Prevention" through education.

During 1994 our Chapter's revenues (donations) fell below anticipated levels. On four occasions we were impacted by cash flow problems. To prevent that from reoccurring, the 1995 budget is much more severe, actually impacting some of our program. At the November 19th Meeting of the Chapter The following "cuts" were requested and as regrettable as they are, were approved.

- Our mailing list will be scrutinized to insure there are no unnecessary entries.
- We will no longer be sending copies of the SAR Magazine, California Compatriot, back issues of the Valley Compatriot to applicants. We will rely solely on the "SAR Wants You". This action will reduce our printing and mailing costs by 25%.
- Applicants will no longer be automatically placed on our mailing list, until such time as we receive a response from the.
- Mailings to our Chapter offers will be eliminated, and copies of all Chapter reports and correspondence will be hand delivered at our monthly meetings.
- It has been a Chapter tradition to award the SAR's War Service Medal to all new members so entitled. The cost to the Chapter is \$19.00 each which consumes the majority of the Chapter's portion of the admissions fee. The Medal will still be made available through our Chapter's Secretary, but only on a reimbursable basis.

It is hoped that increased donations and the above reductions in our budget will make our Chapter more solvent. If donations return to pre-1994 levels we can reinstate some of these programs.

Respectfully Submitted on November 18th, 1994 and approved by the membership at the Saturday, November 19th, 1994 Meeting
